Toronto, ON M4P 1E4

Dear Sir,

Please cancel Electricity Generation Licence EG-2008-0258 issued to Buttcon Energy Inc. Both generation facilities listed on Schedule 1 are operated by the owners of the facilities. In particular:

1. Go Transit Bus Washing Facility at 6190 Mississauga Road is operated by Metrolinx and the operation of this generator is covered under Metrolinx licence EG-2011-0438
2. Residences of Springhill Condominium Complex Facility are operated by York Region Standard Condominium Corporation No. 1222. This is 375kW generator and is exempt from licensing requirement.

Thank you for your consideration.

Kind regards,

Kazik Danielak, P.Eng.
President
Buttcon Energy Inc.
