Subject: EB-2025-0058 – Enbridge Gas Use of Public Lands

Dear Ms. Marconi,

I know that you are getting a lot of form emails. I am not one of them. This is me (Raine) speaking directly to you.

I am a resident of Guelph. I know that Enbridge has filed an appeal to have eMerge Guelph rejected as an Intervenor in an upcoming OEB hearing to discuss whether the City of Guelph can try to amend terms in their Model Franchise Agreement.

The City of Guelph enters into the MFA on behalf of me - a local resident and a local gas customer.

I deserve representation at the table when the OEB makes these decisions. The City is arguing its own case. The community must also be able to argue on behalf of itself. eMerge is our voice.

I also ask that eMERGE Guelph be allowed to participate in the hearing on this issue. It is vitally important that civil society be allowed to participate, including a group like eMERGE, which is fighting for environmental protection and the interests of Guelph residents like me.

Sincerely,

Raine Smith
