Subject: EB-2025-0058 – Enbridge Gas Use of Public Lands

Dear Ms. Marconi,

My name is Indigo Moran, and I'm a teenager living in Guelph. I am asking that the Ontario Energy Board reject Enbridge's request to force the City of Guelph to enter into an agreement that would lock us into providing no-fee access to our public lands for 20 years. This is an unjust and unhealthy fossil fuel subsidy. Our City Council, Mayor and Member of Provincial Parliament all oppose this. The Ontario Energy Board should not force this on Guelph against our will.

I also ask that eMERGE Guelph be allowed to participate in a hearing on this issue. It is vitally important that civil society be allowed to participate, and not just the major corporations who prioritize profits over people and planet. I have volunteered with eMERGE previously, and I have complete faith in them in fighting for environmental protection and the interests of Guelph residents like me.

Democracy is struggling to survive in our current political climate. So is the environment. I ask that you protect both.

Sincerely,

Indigo Moran
