

Enbridge Gas Inc.

**Application for exemption from leave to construct
natural gas pipeline and associated facilities in the
Municipality of Tweed**

PROCEDURAL ORDER NO. 1

March 6, 2025

Enbridge Gas Inc. (Enbridge Gas) applied to the Ontario Energy Board (OEB) on November 29, 2024, under subsection 95 (2) of the *Ontario Energy Board Act, 1998*, (OEB Act) for an order exempting Enbridge Gas from the requirement to obtain leave to construct natural gas pipelines and facilities in the Municipality of Tweed in the County of Hastings. The proposed project consists of 5.3 kilometres (km) of Nominal Pipe Size (NPS) 2-inch polyethylene (PE) natural gas pipeline (Project). The Project is expected to cost \$4.4 million and serve approximately 41 customers in the Municipality of Tweed.

Enbridge Gas relies on section 3.0.1 (1) of O. Reg. 328/03 for its application. This regulation authorizes the OEB to make an order under subsection 95 (2) of the OEB Act that exempts a person from the requirement to obtain leave from the OEB under subsection 90 (1). The exemption is available if:

- a) Leave is required only by virtue of clause 90 (1) (b) of the OEB Act;
- b) The proposed hydrocarbon line is projected to cost more than the amount specified (\$2 million) in section 3 for the purposes of that clause but not more than \$10 million; and
- c) The OEB makes a determination that the Crown's duty to consult, if it applies in respect of the application, has been adequately discharged.

On January 8, 2025, the OEB issued a Notice of Hearing to each of the following Indigenous communities:¹

- Alderville First Nation
- Beausoleil First Nation

¹ The Ministry of Energy and Electrification identified ten Indigenous communities potentially affected by the proposed project in a Delegation Letter to Enbridge Gas.

- Curve Lake First Nation
- Chippewas of Georgina Island First Nation
- Chippewas of Rama First Nation
- Hiawatha First Nation
- Huron-Wendat Nation
- Kawartha Nishnawbe First Nation
- Mississaugas of Scugog Island First Nation
- Mohawks of the Bay of Quinte

The Notice of Hearing provided an opportunity for each of the Indigenous communities to actively participate in the hearing as an intervenor by filing a Notification Letter with the OEB. For Indigenous communities wishing to express their view on the application without engaging as an intervenor, the Notice also made provision for Indigenous communities to file Letters of Comment with the OEB. The Notice of Hearing also provided the Indigenous communities with the option to follow the proceeding as a Monitor, which would result in the delivery by email of all documents issued by the OEB with respect to this proceeding to those applying for such status.

As stated in the Notice of Hearing, the deadline to apply as an intervenor (by Notification Letter) was February 24, 2025.

As of the date of this Procedural Order, the OEB has not received an intervention request, Letter of Comment or Notification Letter from any of the Indigenous communities that were provided with the Notice of Hearing.

The issue the OEB must decide in this proceeding is whether the Crown's duty to consult has been sufficiently discharged with respect to the Project. In order to assist the OEB in making this determination, Enbridge Gas is directed to file an updated Indigenous Consultation Report (ICR) that includes any consultation activities since November 8, 2024 (day the ICR is dated), and any correspondence from the Ministry of Energy and Electrification on Enbridge Gas's consultation activities by the date set in this Procedural Order.

Provision is also being made for written interrogatories and submissions from OEB staff.

Further procedural orders may be issued by the OEB.
