Dear Nancy Marconi:

**Re: Enbridge Gas Inc. ("Enbridge Gas")
Ontario Energy Board ("OEB") File No. EB-2024-0198
2026-2030 DSM Plan Application
Additional Comments Re: Intervention Requests**

Further to discussions in its Indigenous Working Group ("IWG") meeting held on March 4, 2025, Enbridge Gas is writing to clarify its comments in respect of the intervention requests of Minogi Corp. ("MC") and Three Fires Group Inc. ("TFG").¹

Enbridge Gas appreciates the perspectives of MC and TFG,² specifically that they have committed to coordinating their interventions. The OEB accepted and commended their approach in its Procedural Order No. 1.³

MC and TFG expressed concern about some inconsistency in Enbridge Gas's comments and how they run counterproductive to the goals of increasing Indigenous participation in OEB proceedings and Ontario's energy sector more generally. Enbridge Gas wishes to clearly reiterate its recognition that First Nations have distinct rights and notes that its comments on the intervention requests were not meant to diminish or detract from this fact. Neither should the OEB take Enbridge Gas's comments as intending to limit Indigenous participation in OEB proceedings.

If you have any questions, please contact the undersigned.
