Subject: EB-2025-0058 – Enbridge Gas Use of Public Lands

Dear Ms. Marconi,

I am a resident of Guelph. I am asking that the Ontario Energy Board reject Enbridge's request to force the City of Guelph to enter into an agreement that would lock us into providing no-fee access to our public lands for 20 years. This is an unfair fossil fuel subsidy. Our City Council and Member of Provincial Parliament both oppose this. The Ontario Energy Board should not force this on Guelph against our will.

I also ask that eMERGE Guelph be allowed to participate in a hearing on this issue. It is vitally important that civil society be allowed to participate, including a group like eMERGE, which is fighting for environmental protection and the interests of Guelph residents like me.

Sincerely,

Lionel Cole

PS Lack of transparency infers corruption. Not only are fossil fuels unsustainable and dangerous, the ever-increasing disenfranchisement and marginalization of we common citizens is also unsustainable. Something is going to give if you keep shutting us out and steamrolling bad decisions down our throats. Our Democracy is starting to look more like an Oligarchy. Do the right thing here.
