Subject: EB-2025-0058 – Enbridge Gas Use of Public Lands

Dear Ms. Marconi,

As a resident of Guelph, I am very concerned about the democratic and environmental implications of Enbridge's request to force the City of Guelph to enter into an agreement that would lock us into providing no-fee access to our public lands for 20 years. This is an unfair fossil fuel subsidy. Our City Council and Member of Provincial Parliament both oppose this. The Ontario Energy Board should not force this on Guelph against our will. I am against this and ask you to reject Enbridge's proposal and respect the democratic process of our City.

I also ask that eMERGE Guelph be allowed to participate in a hearing on this issue. It is vitally important that civil society be allowed to participate, including a group like eMERGE, which is fighting for environmental protection and the interests of Guelph residents like me.

Sincerely,

Amelia Meister
