Dear Ms. Marconi:

**Re: London Hydro Inc. (London Hydro)
Proposed Addendum to the Approved Settlement Proposal for the 2022
Cost of Service Application (EB-2021-0041)
Ontario Energy Board File Number: EB-2025-0085**

Please find below responses to the confirmations requested in the Ontario Energy Board's letter dated March 10, 2025.

- a) Please confirm that London Hydro consents to disposing of the proceeding without a hearing under s. 21(4)(b).

Confirmed.

- b) The application states that it is filed "on behalf of all the parties" to the original settlement proposal, however, it appears that the application was not copied to those parties. Please file evidence confirming that all parties to the original settlement proposal have agreed to the proposed addendum.

The e-mail submission made to the Ontario Energy Board on February 10 was forwarded separately to the EB-2021-0041 parties by e-mail that same day. That e-mail has been attached.

- c) Please confirm that London Hydro, in its Accounting Order for Green Button Net Revenue Deferral Account, agrees to replace the general account number XXXX with Account number 1508, since this utility-specific deferral account will be under Account 1508.

Confirmed.

Respectfully submitted,
