**RE: EB-2025-0078 – EGI QRAM Q2 2025 - FRPO Supplemental - Federal Carbon Charge**

FRPO respects that the evolution in leadership of the federal government has resulted in an elimination of the “Canada fuel charge” as of April 1<sup>st</sup> is a very recent development.<sup>1</sup> While respecting that all of the logistics may have not been planned, FRPO would ask that Enbridge Gas provide answers on a best-efforts basis to the following:

What is the Enbridge plan currently for any adjustments to this application to account for the price change?

If none, please provide Enbridge’s views on how ratepayers will be refunded appropriately for a charge that does not exist after April 1<sup>st</sup>.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn  
Principal
