Mr. Glen Martin  
President  
6732976 Canada Incorporated  
O/A Pod Generating Group  
1520 Queen Street East NW 307  
Sault Sainte Marie ON P6A 2G4

Dear Mr. Martin:

**Re: Application for Generator Licence  
6732976 Canada Incorporated O/A Pod Generating Group  
Standard Offer Program  
Board File No. EB-2008-0357**

This letter acknowledges receipt of your five applications for generator licences under the Standard Offer Program. The Board has assigned File Number EB-2008-0357 to this matter. Please refer to this number in all future correspondence to the Board regarding this matter.

Your application is currently incomplete and cannot be processed until the following has been filed:

- Confirmation that you are applying for a licence amendment to include the additional facilities on the currently held licence.

Based on a review of the documents provided, please note that new licence applications are not required. 6732976 Canada Incorporated O/A Pod Generating Group ("Pod") is already licensed as a Standard Offer Program participant holding Electricity Generation Licence EG-2007-0684. The Ontario Energy Board does not licence facilities but rather the persons or companies that own and/or operate the facilities.

-2-

The applications submitted suggest the addition of five facilities to be owned and operated by Pod. In order to include these additional facilities on Pod's current licence, the correct process is to apply for a licence amendment under *Section 74 of the Ontario Energy Board Act, 1998*. Please confirm that Pod requests that the subject facilities be included in Schedule 1 of Pod's current generator licence. Upon confirmation of the above, the application will proceed as a licence amendment.

As new licence applications are not required, we are returning the five cheques provided.

Please note that should the subject facilities be approved for inclusion on Schedule 1 of Pod's licence, going forward Pod will be assessed the annual registration fee of \$800 as the combined capacity of the additional facilities is above 10 MW.

The Board will resume processing your application once the above information has been filed. If the above information is not filed within 30 days of the date of this letter, the Board may close the file for this application.

Upon receipt of the required information the Board will issue an acknowledgement letter indicating the expected date on which a decision and/or order may be rendered.

Please file two paper copies of the additional material and an electronic version in Word and in searchable Adobe Acrobat (if available) with the Board Secretary. Electronic copies may be submitted on diskette or by e-mail to [boardsec@oeb.gov.on.ca](mailto:boardsec@oeb.gov.on.ca).

Please direct any questions relating to this application to Judith Fernandes, Project Advisor at 416-440-7638 or e-mail, [judith.fernandes@oeb.gov.on.ca](mailto:judith.fernandes@oeb.gov.on.ca).

Yours truly,

*Original Signed By*

John Pickernell  
Assistant Board Secretary
