**Re: EB-2025-0102 Total Cost Benchmarking Update
AMPCO's Request for Cost Eligibility**

Dear Ms. Marconi:

I am writing pursuant to the Ontario Energy Board's (OEB) letter dated April 1, 2025 regarding the above consultation to request participant status and eligibility for cost awards.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO participates in many proceedings, working groups, consultations and initiatives of the OEB in which matters relevant to customers and Ontario's large electricity consumers are being addressed. AMPCO is registered as a frequent intervenor before the OEB. AMPCO intends to apply for recovery of its reasonably incurred costs related to this Stakeholder Consultation.

AMPCO's interest is to review the recommended changes and improvements with respect to renewing the 2013 benchmarking methodology and generally to represent the interests of large industrial customers.
