Subject: EB-2025-0058 – Enbridge Gas Use of Public Lands

Dear Ms. Marconi,

I am not a resident of Guelph. However, I see that if the Ontario Energy Board supports Enbridge in its effort to shut eMERGE Guelph out of the hearing that potentially locks Guelph into providing to Enbridge no-fee access to their public lands for 20 years, **this would be an obstruction the rights to civil society. This is an unfair fossil fuel subsidy.** Guelph's City Council and Member of Provincial Parliament both oppose this. **The Ontario Energy Board should not force this on Guelph against their will.**

I ask that eMERGE Guelph be allowed to participate in a hearing on this issue. **It is vitally important that including a group like eMERGE, which is fighting for environmental protection and the interests of Guelph residents, and, in fact all citizens of Ontario, is just.**

Sincerely and respectfully,

Gail Schenk
