Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas, or the Company)
EB-2024-0078 – Review Motion/ EB-2022-0200 – 2024 Rates Application
Enbridge Gas Submissions on Cost Claims**

Pursuant to the OEB's Decision and Order dated April 15, 2025, Enbridge Gas has reviewed the cost claims received from Canadian Manufacturers & Exporters (CME), Industrial Gas Users Association (IGUA), Ontario Greenhouse Vegetable Growers (OGVG), Pollution Probe, School Energy Coalition (SEC), Three Fires Group (TFG), and Vulnerable Energy Consumers' Coalition (VECC).

There was considerable variation in the amount of hours spent by intervenors, from a low of 9 hours to a high of just over 40 hours.

Intervenor	Time (hours)	Cost
CME	39.7	\$10,318.03
IGUA	22.8	\$8,502.12
OGVG	9.0	\$3,356.10
Pollution Probe	9.3	\$3,449.33
SEC	40.5	\$13,769.05
TFG	34.4	\$9,776.76
VECC	12.3	\$4,201.77
Total		<u>\$53,373.16</u>

Enbridge Gas notes that while it had the third highest cost claim, TFG made submissions only on one of the issues at the threshold stage and did not make a submission on the merits. As such, Enbridge Gas encourages the OEB to take this into account as it determines cost awards for this proceeding.
