## OVERVIEW

Enbridge Gas Inc. (Enbridge Gas) filed a quarterly rate adjustment mechanism (QRAM) application on March 11, 2025, followed by an amended application on March 18, 2025 for an order approving or fixing rates for the distribution, transmission, and storage of natural gas within both the Enbridge Gas Distribution and Union Gas legacy rate zones effective April 1, 2025<sup>1</sup>. The rates are set for Enbridge Gas to pass through to customers the market price of the natural gas commodity costs.

On March 21, 2024, the OEB issued its Decision and Interim Rate Order in which it set out the process for cost claims.

The OEB received cost claims from Canadian Manufacturers & Exporters (CME), and the Federation of Rental-housing Providers of Ontario (FRPO).

On April 16, 2025, Enbridge Gas filed a letter noting it had no objections to the cost claim submissions of CME and FRPO.

## Findings

The OEB has reviewed the cost claims to ensure that they are compliant with the OEB's *Practice Direction on Cost Awards*.

The OEB finds that the cost claims of CME and FRPO are reasonable and shall be reimbursed by Enbridge Gas.
