Dear Melanie Brown:

**Re: North Bay Hydro Distribution Ltd.  
Application for 2025 Electricity Distribution Rates  
OEB File Number: EB-2024-0045**

On March 20, 2025, the Ontario Energy Board (OEB) issued a Decision and Rate Order, together with a Tariff of Rates and Charges, in the above-noted proceeding.

On May 8, 2025, North Bay Hydro Distribution Ltd. (North Bay Hydro) informed OEB staff of typographical errors in the titles of two rate riders in the approved 2025 Tariff of Rates and Charges. These two rate riders are entitled as follows:

1. Rate Rider for Disposition of Deferral/Variance Accounts (2025) - effective until April 30, 2026.
2. Rate Rider for Disposition of Lost Revenue Adjustment Mechanism Variance Account (LRAMVA - 2025) - effective until April 30, 2026.

North Bay Hydro stated that the reference to the year "2025" in these two rate riders is not correct because these two rate riders are carried from the prior year's application. The OEB agrees with North Bay Hydro and is reissuing the Tariff of Rates and Charges with the references to the year "2025" now removed

The corrected version of the Tariff of Rates and Charges is included as Schedule A of the Decision and Rate Order attached to this letter and supersedes the originally issued Tariff schedule included in the Decision and Rate Order issued on March 20, 2025.

Yours truly,

Ritchie Murray  
Acting Registrar
