

-- Name --

Gina Burri

-- Do you reside in the impacted service area? -- Yes

-- Comments --

The cost of living in this city and country has become astronomical, suffocating residents' resources will only drain the province more by forcing people to turn to public assistance to afford basic living. I vehemently oppose the increase of energy costs. There is absolutely no reason it needs to be increased this much in such a short time!! My income hasn't even increased this much!
