ut this file I would like a letter mailed to me about the Hydro change application to the Court ASAP and another one of the court proceedings mailed to me. I work 12 hour shifts as a 68 year old Security guard with handicaps and have had Cataract and stigmatizim surgery on right eye and my left eye surgery is on May 28th. It takes 30 days for the eye surgery to heal completely and I like all other patients with this surgery which isn't laser aren't allowed to look at our cell phone or laptop screens till after healing is complete. This is why I'm attempting sending this email to request the letter of application Hydro change request to the court and the letter following the proceedings resolution to be mailed or call me at [REDACTED], leave message with arrangements of where and where I can pick it up. Thank-you Diane Chaachouh
