Enbridge Gas Inc.
500 Consumers Road
North York, Ontario
M2J 1P8

VIA EMAIL and RESS

May 23, 2025

Nancy Marconi
Registrar
Ontario Energy Board
2300 Yonge Street, Suite 2700
Toronto, Ontario, M4P 1E4

Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)
Ontario Energy Board (“OEB”) File No. EB-2024-0198
2026 Demand Side Management Plan Application (“2026 DSM Application”)
Extension Request**

This letter is in response to the OEB’s Procedural Order No. 3 dated May 13, 2025, which requires Enbridge Gas to inform the OEB by May 23, 2025 if the Company anticipates any delays in filing its 2026 DSM Application beyond May 30, 2025. For the reasons set out below, Enbridge Gas requires a brief extension for the filing of its 2026 DSM Application to June 20, 2025.

Background

On May 2, 2025, Enbridge Gas filed a letter stating that the Company did not believe the OEB would be in a position to issue a decision on an updated 2026-2030 DSM Plan application until at least Q1 2026 (up to 6 months later than Enbridge Gas’s requested date of September 30, 2025). To ensure DSM program continuity in the later part of 2025 and into 2026, Enbridge Gas stated that it believed it would be necessary to request that the OEB roll forward the approved 2023-2025 DSM Plan to the 2026 program year. Enbridge Gas stated that it expected it would file the 2026 DSM Application by May 30, 2025, and that the Company believed the OEB could issue a rollover decision for 2026 DSM activities by September 30, 2025. Enbridge Gas further stated that if the Company determined that additional time is needed to file the 2026 DSM Application, it would advise the OEB at the earliest opportunity.

On May 13, 2025, the OEB issued Procedural Order No. 3 which, among other things, directed Enbridge Gas to file additional evidence as part of its 2026 DSM Application.

This additional evidentiary requirement is detailed on page 2 of Procedural Order No. 3 at subparagraphs (a) through (d).

Extension Request

Given the scope of the additional evidence which Enbridge Gas has been directed to file relative to the time afforded to develop and file the evidence (12 business days between Procedural Order No. 3 and May 30, 2025), the Company requires a brief extension for the filing of its 2026 DSM Application to June 20, 2025. Enbridge Gas will make best efforts to file its 2026 DSM Application earlier than this date. Notwithstanding the additional time needed to file its 2026 DSM Application, Enbridge Gas continues to believe that the OEB could issue a rollover decision for 2026 DSM activities by September 30, 2025.

If you have any questions, please contact the undersigned.

Sincerely,

Haris Ginis
Technical Manager, Regulatory Applications
