OEB Proceedings:

The Consumers Council of Canada has participated in many proceedings over the past 12 months. We have not been denied intervenor status.

Issues:

We represent residential consumers of electricity. The outcome of this proceeding will impact the rates that residential consumers pay for electricity in Oshawa PUC Networks Inc.'s service territory. We are materially impacted by the outcome of this proceeding. We are interested in all issues that impact residential consumers including, but not limited to, proposed capital and OM&A expenditures, cost of capital and the capital structure, cost allocation and rate design, and the disposition of deferral and variance account balances.

Policy Interests:

We represent ratepayers and not a policy interest.

Hearings:

The Council is of the view that it is premature to determine whether the application should proceed by way of an oral or written proceeding.

Evidence:

The Council does not intend to file evidence in this proceeding.

Coordination with Other Intervenors:

The Council regularly coordinates with other intervenors. It is our intent to do so with respect to this proceeding as well.
