-- Name --

Barrington Plummer

-- Do you reside in the impacted service area? -- No

-- Comments --

DO NOT. Under any circumstances, raise any prices. The cost of living in this country has been absolutely out of control. Stop trying to steal more money from residents who have been abused by the liberal government for the last 10 years.

DO NOT RAISE MY BILLS A SINGULAR CENT. The corporate and government greed is disgusting. This is a communist move as property owners have NO OTHER energy company to compete with these disgraceful prices.
