**Re: 2026 Demand Side Management Plan Application (2026 DSM Application)
Extension Request**

On May 13, 2025, the OEB issued Procedural Order No. 3 which, among other things, directed Enbridge Gas Inc. (Enbridge Gas) to file additional evidence as part of its 2026 DSM Application.

On May 23, 2025, Enbridge Gas filed a letter with the OEB requesting an extension to file its evidence update from May 30, 2025 to June 20, 2025. Enbridge Gas indicated that it requires more time to provide the additional evidence required by the OEB. Enbridge Gas stated it will make best efforts to file its 2026 DSM Application earlier than this date.

The OEB accepts Enbridge Gas's request for an extension to June 20, 2025.

Please direct any questions relating to this application to the Case Manager, Michael Bell, at 416-440-7688 or michael.bell@oeb.ca.

Yours truly,

Ritchie Murray
Acting Registrar
