I am opposed to the proposed increase of 6.70 per month This is 10% per month more and what for? You also want to make changes but do not specify the changes. The last item relates to customer service. It is absolutely hopeless to get in touch with Oshawa PU no matter how hard you try. I have left messages and also used the mechanism to ask for information via email but I didn't get a response to anything. Hence the reason that I am very suspicious about anything coming out of this office due to their current lack of response.
