Acting Registrar
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto ON M4P 1E4

Dear Mr. Murray:

**Re: Burlington Hydro Inc. (Burlington Hydro)
Application for 2026 Electricity Distribution Rates
Ontario Energy Board File Number: EB-2025-0051**

In accordance with Procedural Order No. 1, OEB staff advises the OEB that parties have agreed to revise the standard Issues List for Burlington Hydro's 2026 distribution rate application by adding two issues and revising two issues.

The proposed revised Issues List attached includes the following agreed upon revisions:

- An addition of issue 1.3
- An addition of issue 7.3
- A revision to issue 5.3
- A revision to issue 5.4

Parties are also requesting that the OEB waive the requirement under rule 26.02(e)(ii) of the *Rules of Practice and Procedure* that the interrogatories correspond to the issues list. Parties are requesting that they be permitted to file interrogatories according to the exhibit numbers in the application. Parties believe this approach is more efficient and likely less costly.

OEB staff further advises that parties indicated that, given the current issues list was prepared prior to the interrogatory process, parties may wish to raise additional matters for inclusion on the Issues List after the responses to the interrogatories are received.

Yours truly,

Vithooshan Ganesanathan
Advisor – Electricity Distribution Rates

Cc: All parties in EB-2025-0051
