Dear Ms. Marconi:

**Re: Enbridge – Approval to Construct Gas Works in Tay Valley Township
EB-2024-0342**

I am writing on behalf of Environmental Defence Canada regarding the above matter.

Environmental Defence previously indicated as follows:

If the Climate Network Lanark is granted intervenor status, Environmental Defence can work with them in relation to this proceeding and would not need to be an additional and separate intervenor. We are aware that the OEB has a busy regulatory calendar and therefore we would propose to withdraw the motion to review if the Climate Network Lanark is granted intervenor status.

As the Climate Network Lanark has been granted intervenor status, Environmental Defence requests that its motion be withdrawn.

Yours truly,

Kent Elson
