**Re: Enbridge Gas Inc. (Enbridge Gas)
Five-Year Gas Supply Plan
Ontario Energy Board File Number: EB-2025-0065**

On June 18, 2025, OEB staff was advised by Enbridge Gas that it inadvertently did not serve the Notice of Hearing for Enbridge Gas's Five-year Gas Supply Plan application (Notice) on some of the organizations identified in the OEB's May 26, 2025, Letter of Direction.

To rectify this, the OEB hereby directs Enbridge Gas to serve this letter and the Notice on all organizations that were not properly served (and to file an affidavit proving completion of service) by no later than **June 23, 2025**. Any of those organizations may file a request to intervene by no later than **June 27, 2025**. Enbridge Gas may object to any intervenor requests by no later than **June 30, 2025**. Any organization whose intervenor request was objected to may file a reply by no later than **July 2, 2025**.

All procedural dates set out in Procedural Order No. 1, issued on June 17, 2025, are suspended. The Issues List Conference that was scheduled for June 26, 2025 will be rescheduled.

A revised Procedural Order No. 1, with revised procedural dates, will be issued in early July. It will address any requests to intervene that may be received from organizations that were not initially served with the Notice, as well as the requests to intervene that have already been received from Energy Probe (June 18, 2025), the Industrial Gas Users Association (June 18, 2025), Canadian Manufacturers & Exporters (June 18, 2025), and Ginoogaming First Nation (June 19, 2025). It will also correct a discrepancy in the original Procedural No. 1, which included two versions of Schedule A (the list of parties), one of which contained errors.

To be clear, any party approved as an intervenor in the June 17, 2025, Procedural Order No. 1 does not need to reapply.

Yours truly,

Ritchie Murray
Acting Registrar
