Dear Ian Mondrow:

**Re: Enbridge Gas Inc. (Enbridge Gas)
EB-2024-0111 – 2024 Rebasing and IRM (Phase II)
IGUA Request for Extension of Time**

On May 29, 2025, the OEB issued its Decision and Order which, among other things, made provision for the cost awards process by setting out the following dates: cost claims due on June 13, 2025, objections to the claimed costs by June 20, 2025, and responses to any objections for cost claims to be filed by June 27, 2025.

On June 17, 2025, the OEB received an email from the Industrial Gas Users Association (IGUA) requesting an extension to the June 23, 2025, deadline to file a revised cost claim. IGUA indicated that the cost claim currently filed on the record contained several errors and omissions and requested additional time to file a corrected cost claim. IGUA also requested the OEB allow extra time for Enbridge Gas to file any objection to IGUA's updated cost claim.

On June 20, 2025, the OEB received submissions from Enbridge Gas on all other cost claims with the exception of IGUA. Enbridge Gas indicated that any submissions on IGUA's revised cost claim would be filed on June 26, 2025.

The OEB accepts IGUA's request to file a revised cost claim by **June 23, 2025**. Enbridge Gas shall file any objections on IGUA's revised cost claim to the OEB by **June 26, 2025**. IGUA shall file its reply submission by **July 2, 2025**.

Yours truly,

Ritchie Murray
Acting Registrar
