Attn: Mr Ritchie Murray, Acting Board Registrar

Toronto, Ontario, M4P 1E4

Dear Mr. Murray:

**Re: EB-2024-0125 – Enbridge Gas Inc. (“EGI”). – 2023 Deferral and Variance account application – Submissions of City of Kitchener**

Pursuant to the Ontario Energy Board’s (“Board’s”) procedure order # 4 dated May 27, 2025. in the above-noted proceeding, please find below the submission to EGI, on behalf of Kitchener.

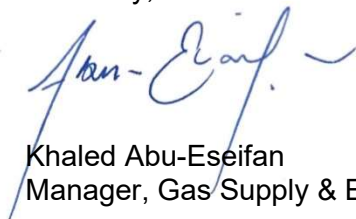

As noted by EGI in their Argument-in-Chief, Getting Ontario Connected Act (GOCA), and Unaccounted for Gas (UFG) are the two remaining contentious issues.

Kitchener is not get impacted by GOCA; hence, Kitchener is not taking any position on the clearance of GOCA variance account.

Regarding UFG, Kitchener supports Energy Probe’s argument on UFG. Kitchener supports the argument that EGI did not explain or justify the UFG amounts specially the significant 2022 amount.

Hence, Kitchener respectfully submits a reduction to significant 2022 UFG amounts.

Sincerely,

Khaled Abu-Eseifan
