**Re: Distribution System Operator Capabilities – Stakeholder Consultation
Ontario Energy Board File Number: EB-2025-0060**

On May 20, 2025, the Ontario Energy Board (OEB) communicated next steps for the Distribution System Operator (DSO) Capabilities consultation. Following a stakeholder symposium held on June 23, 2025, stakeholders were invited to submit written comments by July 15, 2025.

On July 10, 2025, the OEB received a request for an extension of the deadline for written comments by two weeks, to July 29, 2025.

The OEB has considered the request and will **extend the deadline for written comments for all participants to July 22, 2025**. This one-week extension balances the interest in optimizing opportunities for stakeholders to provide input with the need for maintaining timely progress in completing a DSO roadmap.

We encourage stakeholders to submit their comments before the **July 22, 2025**, deadline if possible.

Any questions relating to this letter should be directed to DSOcapabilities@oeb.ca.

Yours truly,

Ritchie Murray
Acting Registrar
