## DECISION AND ORDER

635294 Ontario Inc. filed an application with the Ontario Energy Board (OEB) on June 11, 2025 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for a renewal of its electricity generation licence.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

635294 Ontario Inc. owns one generation facility located in Ramore, Ontario. The applicant was previously licensed by the OEB, however its electricity generation licence expired on October 7, 2023. Licensees are reminded to submit an application to renew a licence sufficiently in advance of the licence expiry date to allow for processing of the application.

After considering the technical and financial capability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the electricity generation licence to 635294 Ontario Inc. The granting of this licence is without prejudice to any future compliance action regarding 635294 Ontario Inc.'s operating without a licence.

### IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.
