Dear Ritchie Murray:

**Re: Enbridge Gas Inc. ("Enbridge Gas")
Ontario Energy Board ("OEB") File No. EB-2024-0198
2026 Demand Side Management Plan Application
Re: Exhibit JT1.6, Attachment 1**

In accordance with the OEB's Procedural Order No. 6, Enbridge Gas has provided by email the full, unredacted version of Exhibit JT1.6, Attachment 1, the Collaboration and Cooperation Agreement between Enbridge Gas and the Independent Electricity System Operator for the Home Renovation Savings Program ("Agreement") to the intervenors who have signed the OEB's Confidentiality Declaration and Undertaking ("Undertaking").

Further to the submissions already made by Enbridge Gas and the Independent Electricity System Operator regarding the Agreement, Enbridge Gas notes that the OEB's Undertaking does not expressly cover non-relevant filed information or include non-relevant information in the definition of "Confidential Information". In providing the unredacted Agreement to the intervenors, Enbridge Gas is therefore relying upon the OEB's statement in Procedural Order No. 6 that "[t]he areas identified by Enbridge Gas as either confidential or not relevant are protected under the terms of the Declaration and Undertaking", and that intervenors receiving the Agreement will honour this more expansive application of the OEB's Undertaking accordingly.

If you have any questions, please contact the undersigned.

Sincerely,

Haris Ginis
