Mr. Ritchie Murray

Dear Mr. Murray:

**Re: PUC (Transmission) LP ("PUCT")
EB-2023-0360 Leave to Construct Application for PUCT Project and HOSSM
Station Project – Post-Hearing Filing**

On June 20, 2025, PUCT filed a letter setting out a list of expected and completed construction activities in relation to the Transmission Project that, in PUCT's view, satisfies Condition 2 in the conditions of approval for the leave to construct authorization. On July 15, 2025, the Ontario Energy Board ("OEB") sent a letter seeking further information and clarification. On July 25, 2025, PUCT responded to the OEB's letter clarifying that the construction activities to date indicate PUCT's decision to proceed with the Transmission Project such that "construction has commenced".

For the reasons in its prior correspondence, PUCT confirms that construction has commenced and Condition 2 has been satisfied.

Yours truly,

BORDEN LADNER GERVAIS LLP
