Dear Mr. Murray

Re: EB-2024-0198 Enbridge Gas Inc. 2026 DSM Rollover

I am writing on behalf of the Small Business Utility Alliance ("SBUA") in response to Enbridge's request to rollover the approved 2023-2025 DSM Plan to 2026.

Given the narrow scope of the 2026 rollover application, SBUA does not seek to make substantive submissions at this time. However, SBUA encourages the OEB to make a decision in the matter as soon as possible, such that the Board and parties can turn their attention to the 2027-2030 DSM program.

Yours truly,

Kate Siemiatycki
