Mr. Ritchie Murray
Acting Registrar
Ontario Energy Board
2300 Yonge Street, Suite 2700, P.O. Box 2319
Toronto, Ontario M4P 1E4

**Re: Enbridge Gas Inc.
Application for Certificate of Public Convenience and Necessity
Tay Valley Township
Ontario Energy Board File No. EB-2024-0342**

Dear Mr. Murray,

Please see my attached affidavit which outlines Tay Valley Township's opposition to the Enbridge application for expansion of services in the Township.

I would also like to reiterate for the Board that the Enbridge Lanark/Balderson expansion project is limited to the area of TVT already covered by a Certificate of Public Convenience and thus does not impact the necessity for a new Certificate that includes North Burgess or South Sherbrooke.

The Township also agrees with the points made in the Climate Network Lanark submission against the expansion of natural gas services in the Township.

If you have any questions, please contact Noelle Reeve at 613-267-5353 ext. 128 or email.

Sincerely,

Noelle Reeve
Planner
