DECISION AND ORDER

EB-2025-0215

WATERGEN CANADA HOLDINGS INC.

Application for an Electricity Retailer Licence

BY DELEGATION,

BEFORE: Brian Hewson
Vice President, Consumer Protection & Industry Performance

September 9, 2025

DECISION AND ORDER

Watergen Canada Holdings Inc.¹ (Watergen Canada) filed a complete application on August 18, 2025, with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for a renewal of its electricity retailer licence ER-2019-0201, which expired on October 23, 2024. The licence would allow the applicant to retail electricity to consumers in Ontario.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

The applicant was previously licensed by the OEB as an electricity retailer however its licence expired on October 23, 2024. Watergen Canada acknowledges that it has been retailing electricity without a licence since October 23, 2024.

After considering the application and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue an electricity retailer licence to Watergen Canada. Applicants are reminded of the importance to apply for renewal of any licence sufficiently prior to the expiry date to allow for processing of the application. The granting of this licence is without prejudice to any future compliance action regarding Watergen Canada Holdings Inc.'s operating without a licence.

IT IS ORDERED THAT:

1. The application for an electricity retailer licence is granted, on such conditions as are contained in the attached licence.

DATED at Toronto, September 9, 2025
