Dear Chandy Davis:

Re: **EB-2025-0046: Elexicon Energy Inc. (Elexicon Energy)**  
**Application for 2026 Distribution Rates**  
**Late Intervention Request**

This letter is in response to your letter dated August 25, 2025, filed on September 9, 2025, on behalf of the Quinte Manufacturers Association (QMA), requesting intervenor status and cost eligibility in the above proceeding.

The OEB notes that QMA's intervention request was filed after the August 25, 2025, deadline for requesting intervenor status and cost eligibility had passed. QMA explained that the late filing was due to an email delivery failure that it did not become aware of until the issuance of Procedural Order No. 1 on September 3, 2025.

Elexicon Energy confirmed it will not object to this request.

QMA is approved as an intervenor and is eligible to apply for an award of costs under the OEB's *Practice Direction on Cost Awards*.

The OEB is not making changes to the schedule for this proceeding as a result of this intervenor approval. The procedural schedule set out in Procedural Order No. 1 remains in effect, beginning with interrogatories due September 18, 2025.

Yours truly,

Ritchie Murray  
Acting Registrar
