Regional and Bulk Planning Advisory Group Participation (EB-2025-0248):

To Whom it May Concern,

Ontario Power Generation Inc. (OPG) is pleased to express its interest in participating in the Regional and Bulk Planning Advisory Group supporting the review of the regional and bulk electricity planning process. We believe this initiative is critical to enhancing the efficiency, flexibility, and responsiveness of Ontario's electricity system.

We are nominating **Kaitlin Montgomery** and **Kevin S. Ho** as our proposed representatives.

Organization Name: Ontario Power Generation Inc.

Organization's Address: 1908 Colonel Sam Drive Oshawa, On L1H 8P7

Proposed advisory group member name(s) & contact information:

Name	Phone	Email
Kaitlin Montgomery	289-200-9829	kaitlin.montgomery@opg.com
Kevin S. Ho	416-592-4240	k.ho@opg.com

OPG is Ontario's leader in generating clean, safe, reliable, and low-cost power. We generate about half of the province's electricity needs through a diverse mix of hydroelectric, nuclear, solar, biomass, and natural gas facilities.

We are actively engaged in regional and bulk planning efforts to ensure reliable and efficient delivery of electricity from our existing generation fleet, as well as the development of new generation assets. As nuclear and hydroelectric facilities require a long lead time to build it is critical to integrate their timelines into the bulk planning processes to support a cost-effective transition to a sustainable energy future, avoiding rework and stranded assets.

About Kaitlin Montgomery

Kaitlin is the Senior Manager, Policy and Strategic Initiatives at OPG. Kaitlin has over 10 years of experience working in the energy sector, having held roles in the Ministry of Finance and Ministry of Energy prior to joining OPG. Her knowledge of the interplay and governance structure across different sector participants would be valuable to inform new processes for bulk planning

About Kevin S. Ho

Kevin is a Senior Business Development Officer bringing 23 years of experience in Ontario's electricity sector. Mr. Ho is an active participating in regional and bulk planning engagements, and other direct OPG engagements with IESO and Hydro One to help advance integration of OPG's large future nuclear and hydro generation projects.

We appreciate the opportunity to contribute to this important initiative and look forward to collaborating with other stakeholders. We thank you for considering this request. Please do not hesitate to contact us should you require additional information.

Sincerely,

Andrea Brown

Director- Enterprise Strategy and Business Development
