Dear Registrar:

Re: Letter of Interest - EB-2025-0248 Regional and Bulk Planning Advisory Group

On behalf of the Independent Electricity System Operator (IESO), I am writing to express our interest in participating in the Ontario Energy Board's Advisory Group supporting the review of regional and bulk electricity system planning processes, as outlined in your letter dated August 29, 2025.

Aligned with Section 4.5 of the Minister of Energy and Mines' Integrated Energy Plan Directive to the IESO (IESO Directive), the IESO welcomes the opportunity to inform the OEB's review of the regional and bulk planning process. In addition to Section 4.5, the IESO has a number of planning initiatives relevant to this review as directed in Section 3, 4.2, and 4.3 of the IESO Directive.

The IESO's proposed advisory group members are:

Name	Contact Information
Devon Huber	<a href="mailto:devon.huber@ieso.ca">devon.huber@ieso.ca</a>
Director, Regulatory Affairs and Market Rules	416-957-3594
Beverly Nollert	<a href="mailto:beverly.nollert@ieso.ca">beverly.nollert@ieso.ca</a>
Director, Transmission Integration	416-969-6067
Mike Risavy	<a href="mailto:mike.risavy@ieso.ca">mike.risavy@ieso.ca</a>
Director, Resource Planning	416-969-6013
James Hunter	<a href="mailto:james.hunter@ieso.ca">james.hunter@ieso.ca</a>
Director, Legal Services	416-969-6378

The IESO will also be drawing on subject matter experts from time to time given the IESO's varied and extensive role leading both regional and bulk electricity planning as Ontario's system operator and planner.

The IESO does not intend to seek a cost award for participation in the Advisory Group.

The IESO appreciates the collaboration with the OEB to date and looks forward to contributing to this important review.

Sincerely,
