## **LETTER OF COMMENT**

### **Comments:**

Being a Enbridge customer and a senior pensioner Enbridge should not be allowed to raise their rates. I am already struggling to maintain a stable balance of expenses and with the basic costs of living increases. Heating my house will be even harder. Plus having not used any gas in 4 months since the furnace is shut down. My bill is all service charges and it has already increased \$23.00 a month. I send in my meter readings myself every month and know what gas I use or do not use.
