LETTER OF COMMENT

Comments:

Subject: Opposition to Enbridge Gas Inc.'s Proposed Rate Increase Dear Ontario Energy Board, I am writing to formally express my opposition to the proposed residential rate increase by Enbridge Gas Inc. This increase would place an undue financial burden on customers like myself, particularly during a time when many households are already facing economic challenges. The rising cost of living, coupled with this potential rate hike, will strain the budgets of many families in our area. It is essential to consider the impact on residents, especially those with fixed or limited incomes. I urge the Ontario Energy Board to thoroughly review Enbridge Gas Inc.'s application and consider the negative effects this increase would have on residential customers. Please prioritize the well-being of the community and reject this proposed rate hike. Thank you for your attention to this matter. Sincerely, Peter K

Name: Peter K
