BUSINESS OVERVIEW

Founded in 1940, Air Products and Chemicals, Inc. is a world-leading industrial gases company that has built a reputation for its innovative culture, operational excellence, and commitment to safety and the environment. Approximately 23,000 passionate, talented, and committed employees from diverse backgrounds together are driven by Air Products' higher purpose to create innovative solutions that benefit the environment, enhance sustainability, and reimagine what is possible to address the challenges facing customers, communities, and the world.

Focused on serving energy, environmental, and emerging markets, we are committed to generating a cleaner future by offering products and services that enable our customers to improve their environmental performance, product quality, and productivity. Our core industrial gases business provides essential gases, related equipment, and applications expertise to customers in dozens of industries, including refining, chemicals, metals, electronics, manufacturing, medical, and food. We also develop, engineer, build, own, and operate some of the world's largest clean hydrogen projects that will support the transition to low- and zerocarbon energy in the industrial and heavy-duty transportation sectors. Through our sale of equipment businesses, we also provide turbomachinery, membrane systems, and cryogenic containers globally. For additional information on our product and service offerings, including production, distribution, and end use, refer to Item 1, Business, of this Annual Report on Form 10-K (<https://investors.airproducts.com/annual-reports>)
