Dear Ms. Walli:

**Re: EB-2007-0027 – Request for Intervenor Status**

Woodstock Hydro Services Inc. wishes to participate in the above-noted proceeding with ***Intervenor*** status.

**1. Woodstock Hydro Services Inc's. Interest in the Proceedings**

The facilities proposed to be constructed should the application be approved are "needed to ensure adequate electricity supply to consumers in the Woodstock area by providing increased transmission capacity". As one of the licensed electricity distributors for the area, whose current and future customers will be directly affected by the ongoing availability of electricity, Woodstock Hydro Services Inc. has a vested interest in the successful and timely outcome of the proceeding. Woodstock Hydro Services Inc. requires an opportunity to participate actively if/as required.

**2. Type of Hearing - Written**

Woodstock Hydro Services Inc. prefers that the proceedings occur as a written hearing. Given the extent of the capacity requirements in the area and the extended time frame that is already in place before any approved changes could be implemented, a written hearing will expedite the process and the proceeding can be effectively handled in this manner.

**3. Service and Delivery of Documents - All documents relating to the proceeding should be forwarded to:**

**5. Costs**
