To whom it may concern.

I am a single mom with 3 kids, working 60 plus hours a week to pay my bills. My hydro bill has increased year over year over 100 a month on average. We have one of the highest rates in Canada as it is and here in ontario we cannot afford another rate hike. This should be solely based on which areas are drawing more hydro and have those rates increase. Eg chatham the city. We all should not have to pay for others hydro usage.

Thank you,
