LETTER OF COMMENT

Comments:

I am writing with respect to the Enbridge proposal to increase our rates yet again. Enbridge has the monopoly here, there are ZERO other options available to this region and we are stuck with whatever they do. I ask that there be considerations made to adding competition in the region allowing us choice. As is Enbridge charges a customer fee, when we read our own meters and continues to charge said fee when your usage is 0. There is no business other than a utility that can charge a deliver to them fee then a deliver to you fee plus because you are our customer fee and stay in business. This is not the time to increase rates when literally thousands of people in Peterborough are losing their jobs, myself included. Please somehow enact competition, and deny this increase now. Thank-you

Name: Brandie Robertson

Do you reside in the impacted service area?: Yes
