I find it appalling that Enbridge is asking to raise rates at a time when domestic gas prices are under \$1 per GJ. Please see here: <https://www.gasalberta.com/gas-market/market-prices>

Why are tax payers funding its dividend promise to its shareholders:

<https://www.enbridge.com/investment-center/stock-and-dividend-information/dividends-and-common-shares>

The CEO of Enbridge, a company with near monopoly status in the country, is also the highest paid executive in Alberta:

Why are taxpayers being asked to pad Enbridge's shareholders and CEO's coffers when ordinary Canadians are suffering. Due to the aforementioned near-monopoly status, Canadians have little recourse or ability to change providers. We need relief, not another hit to our wallets. I urge you to reject Enbridge's application. Thank you
