The Chiefs of Ontario is currently discussing its participation with OEB staff. The OEB will not make a determination at this time on the Chiefs of Ontario request for cost award eligibility and participation in the Working Group, until further information is received from this organization.

The OEB notes that it will have the right to accept or decline any changes to membership of the Working Group over the course of this initiative, including any changes to the representatives that have been put forth by the industry members identified in Appendix A.

OEB staff will be communicating directly with the members regarding the date and proposed agenda for the first meeting of the Working Group.
