**Re: Regional and Bulk Electricity System Planning Process Review (EB-2025-0248)  
AMPCO's Late Request for Cost Eligibility**

Dear Mr. Murray:

I am writing pursuant to the Ontario Energy Board's (OEB) letter dated August 29, 2025 regarding the above review to request participant status and eligibility for cost awards.

**AMPCO's Interest**

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO participates in many proceedings, working groups, consultations and initiatives of the OEB in which matters relevant to customers and Ontario's large electricity consumers are being addressed. AMPCO is registered as a frequent intervenor before the OEB. AMPCO intends to apply for recovery of its reasonably incurred costs related to this Stakeholder Consultation.

AMPCO's intended participation will include providing input on opportunities to improve the planning process and generally, representation of the interests of large use electricity customers. AMPCO members have an interest in the regional and bulk planning process with respect to planning timelines to ensure infrastructure can meet electricity demand over a longer-term outlook. AMPCO members have experience with the regional planning process.
