

**The Corporation of the Municipality of Brockton - Council Meeting
Resolution: Support for NGE Phase 3 & local development targets**

Agenda Number: 12.1.
Number: 25-20-
Title: Enbridge Gas - Consultation on the Future of Natural Gas Expansion in Ontario
Date: Tuesday, September 23, 2025

Moved By: Steve Travale
Seconded By: Tim Elphick

Whereas the Province has posted ERO 0250923, *Consultation on the Future of Community Natural Gas Expansion*, seeking feedback from municipalities, Indigenous communities and other stakeholders on how Phase Three (3) could best support access to natural gas for community development.

And Whereas expanding access to natural gas is identified as a tool to support affordability and economic growth in Ontario communities, with Phases One (1) and Two (2) estimated to enable connections for approximately 17,000 buildings across 59 communities, and 16 projects completed to date.

And Whereas the Municipality of Brockton is working toward its housing and employment land goals, including investments in commercial and industrial lands and economic development goals that contribute to Ontario's broader objective to build at least 1.5 million homes by 2031 and recognizes that timely servicing solutions (including natural gas where appropriate) can help enable these targets.

And Whereas Ontario's energy future relies on a balance of affordability, reliability, and sustainability by leveraging a mix of energy solutions—including natural gas, electricity, and emerging energy technologies, to meet growing community needs. And whereas natural gas continues to play a critical role in supporting energy affordability, economic competitiveness, and enabling housing and employment growth across the province.

Now Therefore Be it Resolved that the Council of the Municipality of Brockton:

1. Supports the Ministry's consultation on the Future of Community Natural Gas Expansion (NGEP Phase 3) and endorses access to natural gas as an option to other energy solutions to advance Brockton's housing, employment lands, and economic development objectives.
2. Directs staff to submit comments to ERO 0250923 reflecting Brockton's priorities, including: priority application types, alignment with Official Plan/Secondary Plans, sites and corridors where gas access would enable development (housing/employment lands), any Phase 1 and 2 learnings (if applicable) and practical barriers (e.g., timing, permitting, costs, land access).
3. Forwards this resolution to MPP Lisa Thompson, the Minister of Energy and Mines, the Ontario Energy Board, AMO, and neighbouring municipalities.
