LETTER OF COMMENT

Comments:

There are only 2 of us that live in this house and its ridiculous how much we pay for electricity and water. We do not have any extra leisure, energy using appliances like hot tub or pool. We both work full time so not home alot but yet our bill is increasing all the time. Enough with the rates going up!! Does our wages to up, NO! But all utilities continue to rise and Canadians are expected to keep coming up with the money to pay for them. There is absolutely no need for contant increases. We are paying enough already.
