## **LETTER OF COMMENT**

### **Comments:**

The decision to increase these rates will impact every household negatively. It is hard to make ends meet as it is and this will only make it harder. As a single income household it is already almost impossible to pay bills, feed a family and have enough left over to put gas in our vehicles. Since I moved in to my house in 2011 I have already seen an increase of over \$100 a month on my bill. I don't know how I could afford even more. Please do not increase our rates. We are already paying too much as it is
