LETTER OF COMMENT

Comments:

To whom it may concern, I do not wish for Entegrus to increase energy costs. I have just bought a house in St Thomas and am appalled at the cost of hydro. I have owned a home before, in Springfield and my energy bill was never over \$200, even in the summer with a pool and central air. Since buying my house in May, I have yet to see a hydro bill under \$400!! Entegrus does not need to increase energy costs, they need to lower costs. People can't afford another thing rising in cost.
